

Director's Report

April 2022

To Donna Christie and the Board,

Visits to the Library for March were 186 adults and 4 children.

Ellenville Chamber reported 138 visit to our site.

Our Mountain Mammals program has a lot of interest. I have five adults and five children signed up so far.

April 30 I plan to have the children's movie Surf's Up. I thought it would tie in nicely with the summer reading program titled Oceans. I plan on advertising for a 1-hour summer reading group for the smaller children each week from July to 3rd week of August. I will offer a book club for the older group of kids with a stipulation that books must be checked out of the Library or inter-loaned thru our Library. The Last day of summer reading will be a party for both groups.

Day to day operations are great.

Thank you, Nancy
