

Director's Report

May 2022

To Donna Christie and the Board,

We had 186 adults and four children come into the Library in March.

Our Sam's Point program was a big success with 19 adults and 8 children. It lasted 2 ½ hours, and we had people from as far away as Poughkeepsie, Chester and New York City.

The mushroom walk has been up in the air since the price went from \$200.00 to \$250.00 plus mileage. I have found a man who will do it for \$200.00 plus gas and we can have 30 people. As soon as we come to an agreement on the date, I will let you know.

Joe Kazemi is going to have a Rubik's cube event in June.

Mother's Day flower sale is all set and ready to go. We are picking up the flowers Friday morning and selling Friday afternoon and Saturday. If you would like a special kind of basket, let me know before I go to pick them up.

Day-to-day Library work is good.

Thank you,

Nancy
