Mango instructions

Download the [Mango Languages mobile app](#) from the App Store (iOS) or the Google Play Store (Android). If you don't yet have a Mango profile, open the app, tap the **Sign Up** button and create your profile. If you already have a Mango profile, tap **Log In** at the bottom of the screen and enter your login information.

Search for your Library

1. Tap the **three horizontal lines** in the upper right hand corner.
2. In the menu that slides out from the right, tap **Subscribe for more**.
3. On the next screen, tap **Search** in the **Find Mango** box.

Authentication

1. Tap the **Search bar** at the top of the screen in order to search for your library by postal code (US or Canada) or name. In the example screenshot below, we searched for the Manatee County Public Library by searching "Manatee". *Clicking on your library's name may take you to a screen with a note that reads "NOTE: Your organization requires that you successfully authenticate using their website." If you see this message, click [HERE](#) to see how to finish linking your Mango profile to your library.*
2. After searching for your library and tapping on your library's name, enter your library card number (as in the screen shot below), and then **Done** or **Go** on the keyboard.
3. If you entered your library card number correctly it will say **Success!** Tap **Continue** to access more lessons.

In order to link your Mango profile to your library, you first need to **create a Mango profile**. Click [HERE](#) to get started. After you have created your profile, follow these steps:

1. On the Subscribe to Mango page, click the blue **Search** button in the tab that says **Find Mango** (*screenshot 1*). If you are already in the Learning Pathway, in the upper right hand corner, hover over **your name** or **username**. In the box that appears, click on **Organizations** (*screenshot 2*).
2. If coming from the "Organization" tab in your profile settings, click on the **Link an Organization** button.
3. **Search for your library** by postal code (US or Canada) or name. In the example screenshot, we searched for the Manatee County Public Library System by simply searching "Manatee".
4. Now, enter your **library card number**. (Some libraries also require a **PIN number**. If you do not know your PIN number, please contact your library for assistance.) After you have entered your library card number correctly, click the **Connect** button.

Clicking on your library's name may take you to a screen with a note that reads "NOTE: Your organization requires that you successfully authenticate using their website.". If you see this message, click [HERE](#) to see how to finish linking your Mango profile to your library.

5. If you have entered your information correctly, you will see the message **Your profile is now linked**. Continue learning by clicking the **Start Using Mango** button.
6. You can now see that previously locked lessons are unlocked. Enjoy Mango!
